SUMMARY

Hi I'm Raihed, I'm passionate about all things technology and design. I'm a self driven and hard working individual, who loves to write clean code and continuously learn. I am currently looking for an opportunity to work in an environment that will progress me into a full-stack role.

LANGUAGES/ FRAMEWORKS

•HTML •CSS •JAVASCRIPT •BOOTSTRAP •GIT/ GITHUB

EXPERIENCE/ EDUCATION

2020 - 2020 ○ TECH TALENT ACCELERATOR

This programme was an great opportunity for me, it has broaden my knowledge in all areas of tech. Sessions on the employability skills and growth mindset has really set me up for success. I have also brushed up on the skills I had with my HTML, CSS and Javascript. Learning new concepts such as Agile has really been effeicent in team activities. With the course finish I feel more confident in my ability, so my next steps is to continue learning and join an organisation who is willing to take me on.

2018 - 2020 ○ LEYTON SIXTH FORM COLLEGE

During the last 2 years of college I have studied Art & Design Level 3 specialising in Graphic Design and 3D Design. I had come across coding during this time and I made a commitment to myself, which was to break into the field of software engineering. I've been learning ever since.

2018 - 2019 ○ WILKO

At my time in Wilko I would build report with customers, helping with any enquires on products and serve them at the register. Alongside with my team we would maintain a positive environment, in high pressured situations.

2013 - 2018 ○ BOW SCHOOL

Achieved 6 GCSE'S (6 -5), (B - C) inc Maths & English

PROJECTS

○ Built a Task Planner with HTML, CSS, Javascript and Bootstrap for my final project
